M Meals: Dinner and Breakfast provided on site with a packed lunch available for the next day.

Please describe your offering:

A Apres' Kayak Activities: Instruction, speakers, wine tasting, hot tub, message, fireplace lounge, etc.

Please describe your offering:

Information on Kayak and Passenger Transportation

Transporting kayaks, luggage and passengers from the water to the lodging facility is a major component of the Lodge to Lodge Network. One way, of course to use facilities that have lake-front access and that provide kayak wheels to move equipment over the beach to the resort. Another way is to stay at facilities that are not on the water but that provide kayak shuttle services. Here are some suggestions for lodges which are not on the water to still accommodate kayakers.

Contract with a Kayak Shuttle Service

South Shore Bikes
